EXPERIENCE

Chegg Experts   Feb 2024 – Apr 2025
Subject Matter Expert (CSE)
  ○ I deliver accurate and high-quality solutions for diverse Computer Science and Engineering (CSE) problems.
  ○ Ensure clear, detailed, and step-by-step explanations for student understanding.
  ○ Consistently achieve high ratings by maintaining reliability and precision.
  ○ Manage deadlines effectively while handling various topics with expertise.
  ○ **Tech Stacks uses**: I use the tools and programming languages that the buyer requires like Java, Python.

PROJECTS

Personal Portfolio Website   Apr - 2025
Designed and developed a fully animated personal portfolio using React.js and TailwindCSS.
Implemented smooth and interactive animations with Framer Motion to create an engaging user experience.
Built a fully responsive, visually appealing interface with seamless navigation across all devices.
Focused on performance optimization, modern UI/UX principles, and dynamic content transitions.
Tech Stack: React.js, TailwindCSS, Framer Motion

Currency Converter – Web Application: Aug - 2024
Developed a real-time currency converter using HTML, CSS, and JavaScript.
Integrated ExchangeRate-API to fetch and display live exchange rates.
Implemented error handling to manage API failures and enhance user experience.
Designed an intuitive and responsive UI with dropdowns for currency selection and an input field for amount conversion.
Tech Stack: HTML, CSS, JavaScript, ExchangeRate-API

Edutainment Website: May, Jun - 2023
Developed an interactive Edutainment platform combining education and entertainment to create an engaging learning experience.
Designed key pages including Homepage, About, and Contact Us.
Integrated Learning Management System (LMS), books, tutorials, and YouTube channels for educational content.
Added entertainment features like vlogs, movies, web series, and music.
Included business and sports pages to cater to a broader audience.
Tech Stack: HTML, CSS, JavaScript, PHP, MySQL, jQuery, Bootstrap

CERTIFICATIONS

- HTML, CSS, JavaScript for Web Developers (Johns Hopkins University - Coursera)   June - 2024
- Server-side JavaScript with Node.js (NIIT – Coursera)   May - 2024
- DSA Self-Paced Course (GeeksforGeeks)   July - 2024
- Generative AI for Everyone (DeepLearning.AI – Coursera)   Feb - 2024

ACHIEVEMENTS

Freelance Work
Maintained a 1.2x Expert Rating, solving 120+ CSE problems with high accuracy and detailed explanations.
